MF4320, MF4330, MF4340, MF4350,  
MF4370, MF4380, MF4660, MF4690,  
imageCLASS D420, D480, MF4150,  
MF4270, MF4350, MF4370, MF4380,  
MF4690

## MSE Brand Benefits & Features

- The FX-10/CRG-104 cartridge is one of Canon®'s most popular cartridges that is compatible with printers that can be found in retail stores worldwide.
- Ideal for market segment 1&2; which includes Home User/SOHO/ Micro SMB.
- Great dealer margins available to OEM customers seeking true alternatives to the very costly OEM cartridges.
- MSE as always approved this product using the markets most exhaustive testing protocols including; environmental stress testing, accelerated aging testing, shipping simulation, and ISO 19752 testing.

At MSE, every aspect of our products from quality and reliability to aesthetics and environmental impact is thoroughly analyzed on an ongoing basis. We look for areas of continuous improvement and create ground-breaking patented technologies to keep pace with OEM design. The result is a better built, higher quality, more consistent product.

The ISO 19752 standard is a standardized page yield test for monochrome (b/w) laser printer cartridges. The test is done with a minimum of nine cartridges tested on three separate printers with a standard print/test page under specific environmental conditions and printer settings. MSE monochrome cartridges meet/exceed OEM yield based on ISO 19752 test methodologies.

### Packaging features:

- Easy 4 step "Install and recycle" instructions
- quick zipper pull
- Vivid 4 color graphics
- SFI Eco-packaging reduces footprint

### Packaging options:

Choose between the MSE brand and the Generic brand box.

- <sup>1</sup> Weight may vary depending on packaging
- <sup>2</sup> Average page yield based on ISO 19752. Actual yield may vary depending on environmental conditions, media, and usage.

**About MSE**

MSE is the largest USA based remanufacturer and is acclaimed as one of the leading edge innovators in the marketplace. MSE has pioneered the process of “Intelligent Re-Engineering” as applied to remanufactured printer consumables which is a protocol that employs patented technologies, proprietary processes, and stringent testing methodologies all with the goal of providing the markets best alternative to high cost OEM print consumables. MSE has multiple certifications and accreditations including ISO 9001 and 14001. Coupled with our engineering prowess MSE also prides itself on offering the highest levels of after sales support to its dealers through its consultative sales and marketing programs. MSE is a global entity with sales and distribution in Canada, Europe (UK and the Netherlands), Israel, Brazil, California, and Pennsylvania.
