

## **MSE Ranks in Top 5 in List of Largest Manufacturers in San Fernando Valley**

Van Nuys, California – Micro Solutions Enterprises (MSE), the industry leader for quality compatibles, has been ranked third largest manufacturer in the San Fernando Valley by the San Fernando Valley Business Journal.

The San Fernando Valley Business Journal, a business news magazine covering California's San Fernando Valley, is well known for its articles on notable local businesses and executives, statistical analysis and its top company lists.

“We would like to thank our employees, customers and vendors for their support.” said Avi Wazana, CEO. “Our success is a result of great people. Without them, we could have not grown to this level . Our employees engineer the highest quality products; our dealers are passionate about reselling our products and we are fortune to have the best vendors possible. Again we would like to thank them for helping us come so far.”

MSE has been recognized in the California Business Journals many times with awards for ranking in the Fastest Growing Private Companies in the San Fernando Valley list for the past five years as well as the Los Angeles Fastest Growing Private Companies list for the past six years

Micro Solutions Enterprises (MSE) is an STMC Compliant Company utilizing ISO 19752 quality testing along with patented technologies to manufacture a full line of high-quality compatible toner cartridges, MICR toner cartridges, inkjets and thermal transfer ribbons. MSE's manufacturing capacity exceeds 300,000 toners and 500,000 inkjet cartridges per month. The company owns and operates 285,000 square feet in California and Pennsylvania as well as additional distribution facilities in Canada, the Netherlands, Brazil and Israel. MSE offers full solutions for outsourcing, private labeling, private packaging, and blind drop shipping. The company also offers award-winning sales training, marketing materials and additional value-added services.
